

Homework Policy

Students will be given 50 minutes of homework each night Monday through Thursday. Homework will be checked daily and failure to complete homework assignments will result in the following actions:

Students will sign “The Incomplete Homework Log”.

- A note will be written in the agenda to notify parents of any incomplete homework assignments, I expect the agenda to be signed and returned on the following day with the homework assignment completed. This will mean double the amount of homework this night.
- Students will complete the unfinished homework assignment during lunch if incomplete homework is not completed in a timely manner.
- If incomplete homework becomes a problem more drastic actions may become necessary and homework contracts will be established.
