

Rewards

Lottery Tickets - Students can earn lottery tickets throughout the week for a variety of things. For example: good behavior, exemplary work, acts of kindness, being on task, etc. Once a month I will have a lottery drawing where students can put their tickets into a lotto bin. I will draw several tickets and students whose tickets are drawn may select items out of the lotto bin for rewards. The more lottery tickets they have in the bin, the higher the probability they have of being a winner. Students may also choose to save their tickets to trade for various rewards.
