

Notes / Initials on Agendas

Each day I will initial your child's agenda and circle the green, yellow, or red face at the bottom of the page. If students are missing homework or have had behavior issues in our classroom, on the playground, or elsewhere they will write you a note that I will circle acknowledging their message. Please feel free to email me or write back in the agenda with any questions or concerns. Please initial your child's agenda each night (even on Fridays) to review any notes present and acknowledge that you are aware of assignments. Thank you for your support!
